

### COMPANY MISSION STATEMENT

Innovating the Application and Safety of Electromagnetic Energy since 1963. LBA Group, Inc. utilizes over 50 years of experience in providing technology and risk management for industrial and telecommunications infrastructure assets in the radio frequency and electromagnetic spaces. Seeking to develop, innovate and deliver to market new, improved solutions designed to meet the needs of the ever-changing electromagnetic environment while maintaining safety and helping companies manage the industry as a whole.

### ABOUT

LBA Group is comprised of LBA Technology, Inc., a leading source and integrator of lightning protection, RF shielding, antenna systems and test equipment for broadcast, industrial and government users worldwide; the professional technical consultancy Lawrence Behr Associates, Inc.; and LBA University, Inc. providing award-winning online professional training.

LBA is a multiple INC5000 awardee, CVMSDC-certified and is a North Carolina Top 50 Hispanic minority-owned small business.

### CORE COMPETENCIES

- Lightning Protection Systems
- RF Shielding Products & Services
- Radio Frequency Test Equipment Solutions
- RF Safety & Regulatory Compliance Solutions
- Online RF Safety Training & More

### DIFFERENTIATORS

High-quality, world-renowned expertise, many technologies under one roof, providing turn key solutions. Leading supplier of portable lightning protection and Architectural RF Shielding products. Strong R&D with a record of innovation and collaboration with industry leaders in the public and private sectors.

### COMPANY DATA

**Years in Business:** 60

**Type:** Corporation  
Certified Minority Business

**UEI:** FC71CVNACCT3

**DUNS:** 15-393-7370

**CAGE:** OXWP7

### NAICS

#### Broadcast & Communication Systems

**334220** Radio & Television Broadcasting & Wireless Communications Equipment Manufacturing

#### RF Shielding Products & Services

**325510** Painting & Coatings Manufacturing

#### Lightning Prevention Systems

**335931** Lightning Protection Manufacturing

#### Engineering Services

**541690** Other Scientific & Technical Consulting Services

#### Online Safety Training

**611519** Other Technical & Trade Schools

### PAST PERFORMANCE

- Specific placements & projects w/USAF, US Marines, US Navy, British Forces
- Military & commercial - Raytheon, Datapath, Lockheed Martin, Amazon, Bechtel, Boeing
- USCG NACTEX & DGPS Design & Furnish
- USCG Interference Location
- Support FEMA emergency alerting systems
- Mobile medium wave fast deploy transmission/antenna facilities for US Army & foreign militaries
- High power medium wave & low frequency antenna systems - design & deploy worldwide
- Cellular, 5 G & radio communications systems design, operational & compliance support
